SPORTAUS

MESSAGE FROM SPORT AUSTRALIA

Sport and physical activity has enormous influence on our nation's health, education, social, economic and diplomatic outcomes.

It's why Sport Australia and the AIS remain steadfast in our vision: to make Australia the world's most active sporting nation, known for its integrity, sporting success and world-leading sports industry.

Australia's commitment, outlined in the Australian Government's national sport plan, Sport 2030, is to reduce physical inactivity by 15 per cent. It's a huge challenge Sport Australia enthusiastically accepts.

We are making significant progress and Sport Australia's programs are benefitting sport, as well as broader community health and wellbeing, including tackling issues such as obesity. Our partnerships with National Sporting Organisations (NSOs) remain fundamental, but we are also engaging more than ever with other networks to grow our sporting industry. Collaboration with physical activity providers, health, education and various levels of Government can deliver more for sport and all Australians.

This was highlighted in 2018-19 when Sport Australia, on behalf of the Australian Government, delivered \$150million in new participation programs. The \$100million Community Sport Infrastructure grants program is enhancing hundreds of grassroots facilities across Australia. The \$28.9million Participation grants program is encouraging innovative programs that help break the down barriers to physical activity. The new \$22.9million Better Ageing grants program is helping senior Australians 65 and older to get more active and socially connected.

Our national Sporting Schools program remains a key platform to address childhood inactivity and drive generational change. We have funded 7300 schools and recorded more than 5.2million attendances since its launch in mid-2015. We continue to look at ways to maximise the impact of Sporting Schools and link it with our work in physical literacy. By teaching our children to run, throw, jump or kick, we put them on the path to better lives.

There is no success without integrity. We continue to encourage environments that are inclusive and welcoming. Increasing diversity in our industry is critical and we want to make sport the benchmark for a more equitable society.

All this work is emphasised by our national behaviour change campaign, Move It AUS. Our call to action is to 'Find Your 30' minutes of physical activity every day, and enjoy the benefits.

We are continuing to build the capability of the sports industry, addressing governance reform to bring out the very best in our sporting organisations. The One Management project looks at helping sports align their strategy, workforce and financial management.

The AIS, in partnership with the National Institute Network and National Sporting Organisations, is aligning Australia's high performance sport strategy too. The National High Performance Sport Strategy 2024 signals the first time all Federal and State/Territory sports agencies have signed up to a joint high performance strategy.

In November 2018, the AIS announced an updated investment model for high performance sport and through this improved framework, Olympic, Paralympic and Commonwealth Games sports will benefit from a longer term approach to funding. Instead of annual grants to sport, for the first time the AIS is providing longer-term funding commitments to give sports more stability and certainty to plan ahead.

All of this work is important with the 2020 Tokyo Olympics and Paralympics drawing near, and the 2022 Beijing Winter Games and Paris 2024 beyond that.

Enhancing athlete pathways and athlete wellbeing are primary areas of focus for the AIS, and are keys to creating long-term sustainable success. We have embedded 20 Athlete Wellbeing Managers across National Sporting Organisations, and, working closely with the AIS Wellbeing and Engagement team, are delivering key programs and support from mental health programs, through to career guidance and connection to Australians at the community level.

The AIS is also leading collaborative sports research, applied technology and innovation initiatives including the Gold Medal Ready program, a unique partnership with the Australian Army to help athletes perform under pressure.

From backyards to benchmark international events, we believe unquestionably in the power of sport and physical activity to reflect the very best in our culture and to be a powerful vehicle for change.

Thank you for all you do for Australian sport and best wishes for the year ahead.

John Wylie AM
Chair
Sport Australia

COMMONWEALTH GAMES AUSTRALIA PROUDLY SUPPORTING OUR WEIGHTLIFTERS

Commonwealth Games Australia is committed to working with partner sports and high performance partners to ensure the best possible preparation for Australian athletes to compete at the Commonwealth Games.

Commonwealth Games Australia is proud to support the Australian Weightlifting Federation and our weightlifters in their preparations for glory at the Birmingham 2022 Commonwealth Games.

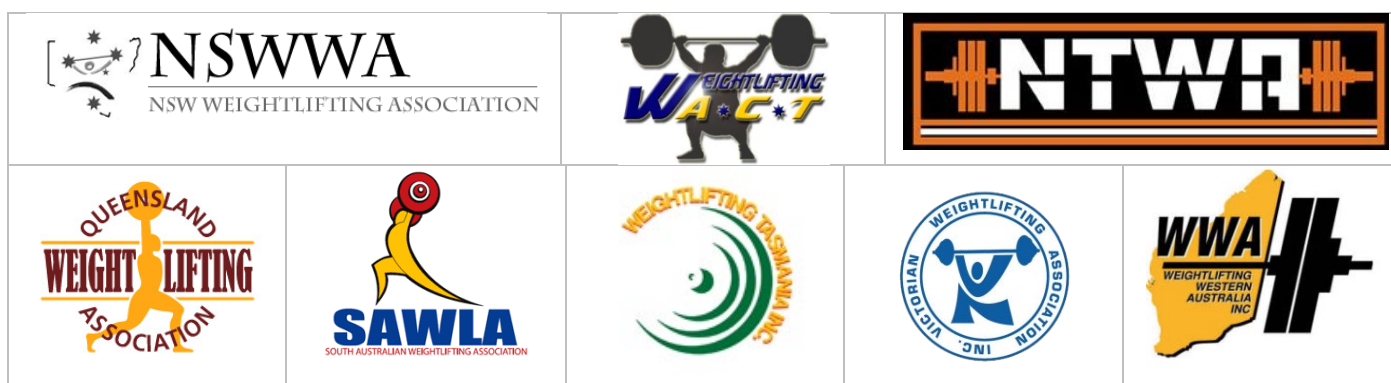

AWF COMMISSIONS

High Performance Commission	Lyn Jones (Chair), Luke Borreggine, Greg Haff, Julian Jones, Robert Mitchell, Angela Wydall, Sam Coffa (ex officio), Ian Moir (ex officio)
National Selectors	Lyn Jones (Chair), Phil Maunder, Ian Moir
Coach Education Commission	Lyn Jones (Chair), Greg Haff, Leo Isaac, Robert Mitchell
Finance & Audit Commission	Charles Quagliata (Chair), Pedro Sanchez, Danielle Waller, Ian Moir
Technical Commission	Pedro Sanchez (Chair), Sam Coffa, Kylie Booth, Phil Maunder, Ian Moir
National Masters Panel	Coral Quinell (Chair), Linda Eades, Rohan Mason, John Zelanjak, Ben Sibenaler
Integrity and Anti-Doping Commission	Boris Kayser (Chair), Deborah Acland, Charles Quagliata, Robert Mitchell, Ian Moir
Company Auditor	Louie Kortesis, MW Lomax
Company Secretary	Ian Moir

STATE MEMBERS

Weightlifting ACT	Grant Haines Jia-Urnn Lee	President Secretary
New South Wales Weightlifting Association	Chris Michaelopoulos Luke Borreggine	President Hon. CEO
Northern Territory Weightlifting Association	Kelly Giblin Nyree Slatter	President Administration Officer
Queensland Weightlifting Association	Michael Keelan Debra Keelan	President General Manager
Victorian Weightlifting Association	Seen Lee Ryan Mitchell	President Operations Manager
Weightlifting Tasmania	Leo Isaac	President
Weightlifting Western Australia	Andrew Saxton Jay Saxton	President Secretary

AWF WORKFORCE

In 2019, the Australian Weightlifting Federation employed one full time staff member: the CEO and contracted two Independent Service Suppliers.

Chief Executive Officer

Mr Ian Moir

Manager - Finance

Ms Danielle Waller

Manager – ICT, CEP & Merchandising

Mr Bowen Stuart

In accordance with good governance, the two Independent Service Suppliers are managed by the Chief Executive Officer, who in turn reports to the Board of Directors (through the President).

Subject to clause 13.14 of the AWF's Constitution, a Director **may not** be paid for services as a Director but, with the approval of the Directors and subject to the Corporations Act, may be paid by the Company for services rendered to it. In 2019, two Directors were provided with a modest contribution of \$500 each towards the costs associated with their attendance at IWF Committee meetings, which provided opportunities to advocate on behalf of the AWF at International level.

BOARD OF DIRECTORS

The AWF is governed by the Board of Directors, all Directors act in an honorary capacity. As per Article 13 of the AWF Constitution, the Board of Directors is as follows:

DIRECTORS:

- Mr Sam Coffa – Chair, Elected [Rotation concludes 2021 AGM]
- Mr Philip Maunder, Elected [Rotation concludes 2021 AGM]
- Ms Deborah Acason, Elected [Rotation concludes 2020 AGM]
- Mr Lyn Jones, Elected [Rotation concludes 2019 AGM]
- Mr Pedro Sanchez Elected [Rotation concludes 2019 AGM]
- Mrs Angela Wydall, Appointed [Appointment concludes 2019 AGM]
- Mr Charles Quagliata, Appointed [Appointment concludes 2019 AGM]

BOARD MEETING ATTENDANCE:

October 2018 - September 2019

- Sam Coffa 8/8
- Lyn Jones 8/8
- Pedro Sanchez 8/8
- Deborah Acason 6/8
- Philip Maunder 6/8
- Charles Quagliata 6/7
- Angela Wydall 5/5
- CEO Ex-officio: Michael Keelan 3/3; Ian Moir 6/6

PRESIDENT'S REPORT

Late last year I was elected unanimously by the members of the Board of Directors as the President/Chairman of the Australian Weightlifting Federation (AWF) and in accepting this important and prestigious position I intimated *inter alia* that I was committed to a systematic overhaul of the organisation and the adoption of a system that would outline our refreshed vision, mission, values and strategic priorities from 2019 to 2022, the year of the next Commonwealth Games to be held in Birmingham UK.

I was aware of the significance of the challenge, but nevertheless I accepted and committed myself.

The AWF was indeed in need of new direction. A direction which would clearly indicate that we must stop rewarding mediocrity, a direction which would find a funding stream to our athletes, making them the centre of our very existence as against a reliance on a top heavy administration.

I committed to evolve further our areas of responsibilities. To appoint Commissions made up of interested and expert people, with terms of reference and some delegated powers. I suggested then as I suggest now that we needed to engage with and stimulate our constituent States and Territories to assist and cooperate with us as I, and you all, know the growth and development of our sport is really in their field of play and we needed to take them with us along the journey.

To that end we needed to do better in populating our narrative in a clear and unambiguous manner.

We have tackled and are tackling many issues. Some very important. Among such issues are:

- The reformation of the South Australian Association
- The drafting and redrafting of our policies, by-laws and regulations
- A review of our Strategic Planning, Operational Planning, Readiness and Delivery
- A review of our reporting and monitoring requirements to the AWF investors: the Australian Institute of Sport (AIS), Commonwealth Games Australia (CGA) and Australian Olympic Committee (AOC)
- We have appointed various Commissions and a few more to come
- Shortly we will begin to evolve our case to present to prospective sponsors

In particular, the High Performance Commission, under the Chairmanship of Lyn Jones, has been extraordinarily active in formulating policies which have initiated the re-formation of squads with monetary rewards for athletes who demonstrate improved performance and I do congratulate and thank every member of this important Commission.

The Coach Education Program is being revamped and re-established. Lyn Jones together with other National Coaches, has undertaken to do the review. Lyn is a member of the IWF Coach and Research Committee and very well equipped, academically and with international experience to promote this important issue.

The Technical Commission under Pedro Sanchez has also been active in reviewing activities and making appropriate recommendations to the Board. One such recommendation has been the policy of not permitting under age children to compete in OPEN competitions. Like Lyn, Pedro is a member of the IWF Technical Committee and brings experience plus to the role. I thank the members of the Commission for their work.

Board member Charlie Quagliata has been active in legal matters particularly in the research and the review of the South Australia Constitution which is the first step towards the re-formation process and South Australia becoming once again a constituent member of the AWF. I thank Charlie for his work.

I also want to thank Board member, Phil Maunder, for his active role in the promotion side of our operations looking particularly at major events structures.

I want to also single out Julian Jones, a member of the HPC, for his professional input in many aspects of the AWF operations. I have asked Julian on many occasions to assist me personally and he has responded magnificently on each occasion. I thank you Julian.

Of course, the person steering the AWF, our CEO Ian Moir, has done a magnificent job since his appointment and it is of no surprise that after the probationary review of his role, the Board has decided to appoint him for the next three years. Ian has done a remarkable job in the establishment of the AWF Office in Chandler, Queensland, and in fostering a good relationship with our partners and our constituents. He has been extremely busy and has maintained control over the Federation operations without office assistance except of course by our contractors, Danielle Waller (Finance Manager) and Bowen Stuart (IT Manager) whom I thank very much. Thank you, Ian.

I believe the Board of Directors as a unit has worked diligently and with purpose and I thank them all.

My special thanks on behalf of the AWF to all our States and Territories Associations, as I said earlier, nothing would be possible without your work and your co-operation.

Most importantly I want to place on record my thanks and grateful appreciation, on behalf of the Board, to our Principal Partner, the Australian Institute of Sport, not only for the funding we receive but also its continual support of our endeavours. In particular I want to thank Adam Gerasimou and Katie Culbert from the AIS who gave us valuable advice and support in the early part of the year.

Thanks also to our other Partners, Commonwealth Games Australia, and CEO Craig Phillips, and the Australian Olympic Committee and CEO Matt Carroll. Their support is most valuable to us.

A handwritten signature in black ink, appearing to read 'Sam Coffa'.

Sam Coffa AM JP
President

CHIEF EXECUTIVE OFFICER REPORT

This is my first annual report to the Members as the AWF CEO, having commenced in the position in December 2018, receiving the baton from Michael Keelan who provided me with tremendous support and assistance during the hand-over, and beyond. I thank Mike for his professional support and for his personal friendship.

Coming from a background of more than 20 years of full-time employment in weightlifting administration at the state level, I have quickly developed an appreciation for the differences between state and national priorities, and for the scale of a National Sporting Organisation's operations. The past ten months have certainly been busy and challenging; in a good way.

In addition to moving into 2019 with a new CEO, the AWF Board determined to bring a renewed and stronger emphasis to High Performance. The AWF's principal partner and major source of funding, the Australian Institute of Sport, asked the AWF to consider a very important question: What will it take to win? The answer to that question forms the core of the AWF's strategic outlook in the area of High Performance and, as both the AWF President and the Chair of the High Performance Commission have stated in their reports, the AWF's intention is to build a system that is athlete-centric and results-driven.

In 2019 Australian Teams participated in all IWF Championships and many other international events. Our athletes and team support personnel travelled far and wide to compete in the World Youth Championships, Las Vegas, USA; World Junior Championships, Suva, Fiji; and World Senior Championships, Pattaya, Thailand. Australian Teams also participated in the EGAT's Cup, Thailand; Pacific Games and Oceania Championships and Commonwealth Championships, Samoa; IWF-Masters World Championships, Canada; and San Diego Open, USA.

Whilst High Performance is, and must be, the AWF's number one key result area, it is, of course, not the only plank in the AWF's platform. Coach Development, Officiating Development and the National Competition Program are very important aspects of the AWF's operations. In this year, we delivered two international events – Arafura Games; Oceania & Commonwealth Masters Championships – and four national championships – Masters Championships, Darwin; Junior & Under 23 Championships, Sydney; Youth & Under 15 Championships, Brisbane; and Senior Championships, Canberra.

The Arafura Games, held in Darwin in April, provided the AWF with an opportunity to host a Tokyo 2020 Olympic Games Qualification Event within Australia. With the support of the Northern Territory Government, the Northern Territory Weightlifting Association, Technical Officials from every State and Territory and of course, the athletes and coaches from around the country and overseas who performed at their best, the AWF presented an excellent weightlifting competition in the 2019 Arafura Games. The NT Government has committed to staging the Arafura Games again in 2021 and the AWF has already lodged an application for weightlifting to again be included as a program sport.

At the Gold Coast in June, over 200 Masters lifters competed in the Oceania Masters and Commonwealth Masters Championships. The AWF Masters Panel, and in particular the Chairperson: Coral Quinell, put a great deal of time and effort into the planning and delivery of this event and it was a great success. So much so that the Oceania Weightlifting Federation has approved the staging of the Oceania Masters Championships in Australia again in 2020, in the tropical city of Cairns.

The suite of AWF national championships expanded this year with the introduction of the Australian Under 23 Championships. For some time, there has been discussion about transitioning athletes from Junior to Senior through an intermediate level of competition and by all accounts, this year's Under 23 Championships served that purpose well. Overall, national events attracted good numbers of competitors and achieved a high standard of delivery. I sincerely thank and applaud the NT Weightlifting Association, NSW Weightlifting Association, QLD Weightlifting Association, and Weightlifting ACT for their outstanding contributions as hosts of AWF events in 2019.

Every weightlifting event conducted by the AWF was broadcast live and free via the internet again this year. This service is made possible by the expertise of the AWF's Information, Communication and Technology Manager, Bowen Stuart; and is made affordable by Telstra's sponsorship. AWF webcasts are provided not only as a service to fans of

weightlifting and the family and friends of competitors, but also as an important promotional medium, and Bowen's innovative approach means that each year's editions are an even better product than the last.

While on the subjects of innovation and technology, Bowen Stuart has been working closely with the majority of State Members to improve their websites and increase the online services available to individual members, which will hopefully reduce the administrative burden on State officers and make connecting with our sport as easy and convenient as possible. Now, applying for membership and entering competitions online is the norm, rather than the exception; and for this year's National Senior Championships, the AWF introduced an online process for the Verification of Final Entries.

Bowen Stuart has been a tremendous help to me over this period and he is in many ways a hidden asset, generally working behind the scenes to keep the machinery of the organisation running in top order.

The membership data contained within this report indicates that last year's reported downward trend was something of a blip on the radar and that membership figures are heading in the right direction once again. Even more encouraging is the data showing that the greatest increases in membership have been among the younger age groups. Statistics don't always tell the full story of course, but when competition schedules are stretched to the point of continuing late into the night and plans are made to add an extra day to next year's events in order to cater for the increasing number of competitors, it must surely mean that the popularity of weightlifting is once again on the rise.

Financially, the AWF remains in a good position. Funding from the Australian Government via the AIS and Sport Australia remained at the same level as the previous year, and Commonwealth Games Australia has committed \$63,000 per year for 2019 and 2020 to assist in the preparation of our athletes for the Birmingham 2022 Commonwealth Games. In addition, the Australian Olympic Committee's funding of the Pacific Games Team meant that our senior athletes and team support personnel competed at this year's Oceania and Commonwealth Championships, incorporated with the Pacific Games, at no cost to the AWF. While income from activities such as coach education courses has declined, the organisation has once again achieved an operating surplus through sound financial management. Danielle Waller continues to provide the AWF with expert financial management on a day-to-day basis and budgeting advice over the longer term. I thank Danielle for her support and advice, and for her hard work in this vitally important area.

In closing, I wish to place on record my thanks to the AWF President Sam Coffa and the AWF Board of Directors for showing confidence in me and for their continuing support. I also thank Adam Gerasimou and Katie Culbert from the AIS for their guidance; as well as Tim Mahon from Commonwealth Games Australia. Thanks to Rob Vergouw, Jorge Arai and Alice Bowen from the AOC for their organisation of the Pacific Games Team, and assistance with planning for the Tokyo 2020 Olympic Games. Last but not least, I thank the State Members and their Committees for their work at the coalface and commit myself to supporting their endeavours, as together we continue to serve the sport of weightlifting.

Ian Moir
Chief Executive Officer

HIGH PERFORMANCE PROGRAM REPORT

The first formal meeting of the HPC took place in March 2019 at the Australian Institute of Sport (AIS). There was full attendance.

AIS Advisors Katie Culbert and Adam Gerasimou attended the early part of the meeting and informed the HPC that the recent performances of the AWF's best athletes gave cause for concern. Our current HP funding is safe until 2020 but if the AIS does not see significant improvement taking place and a new approach to improvement, then the funding will be impacted. They were happy with and encouraged by our new High Performance Plan and looked forward to it producing results.

In the HPC meeting it was decided to form National Squads with challenging Qualifying totals:

Super Squad – The QT for this Squad was set at A Grade and membership would be in 6-month blocks. If there is no improvement in performance during this time period individuals would be dropped from the Squad. A remuneration package of \$1000/month would be paid to members in addition to monetary rewards for personal bests and national records. The reward system, and indeed the entire program, will be reviewed periodically and now that Eileen Cikamatana is an Australian, the very real likelihood of an Australian setting World Records will need to be considered.

AWF Super Squad: Brandon Wakeling, Charisma Amoe-Tarrant, Erika Yamasaki, Eileen Cikamatana, Kiana Elliott, Sarah Cochrane.

National Squad – QT for this Squad is B Grade and there will be monetary rewards for PB's and National records. Currently we do not have the wherewithal to pay a monthly stipend to the National Squad. Once again, a 6-month tenure is in place and individuals need to show continuous improvement to remain in the Squad.

AWF National Squad: Jackson Roberts-Young, Jake Douglas, Ridge Barredo, Ebony Gorincu, Matthew Lydement, Stephanie Davies, Joel Gregson, Kaitlyn Fassina, Boris Elesin, Seen Lee.

Junior Squad – The QT is C Grade with rewards for Personal Best Totals and National Records.

AWF Junior Squad: Sabah Chamoun, Ben Ward.

Youth Squad – The QT is G Grade with rewards for National Records.

AWF Youth Squad: Nelson Harris, Bronwyn Dunne, Dillon Fisler, Jaspa Hope, Jett Gaffney, Kolby Green, Maddison Power, Michael Nides, Tori Gallegos, Alicia Jokic, Indi Waller, Oliver Saxton, Amber Fielder.

The AWF Board endorsed the following HPC recommendations.

Athlete agreements have been drawn up and signed by Squad members, which include a system of reporting of injury and other medical problems – this is now in place and working well, utilising the AIS Athlete Management System (AMS).

The HPC would keep a careful eye on the competition participation of Squad members with a view to limiting participation to relevant events, which would benefit the individual and the AWF. Certainly, exposure to international competition must have priority.

The HPC recommended to the BOD that State HP Co-ordinators be appointed to service Squad members on a local basis. The BOD also endorsed this and EOI's were sent out for appointees. There would be scale of remuneration for these positions depending on the number of Squad members being serviced. The following appointments have been made:

Queensland & Northern Territory

– Greg Hobl

New South Wales & Australian Capital Territory

– Luke Borreggini

Victoria & Tasmania

– Emily Muskett

Western Australia & South Australia

– Jay Saxton

Training Camps – There was unanimous agreement from the HPC that regular Training Camps for our Squads would be beneficial to their ongoing progress and already there has been a Junior & Youth camp in February and a camp for our Super & National Squads at the AIS at the end of August. There were very favourable reports received from Squad members. More Camps will be organized in the future, probably at the AIS as this venue is certainly the most economical and also has the benefit of available Sports Science testing etc.

2020 Olympic Games – Although the HPC see the 2022 Commonwealth Games as the ultimate objective for results for the AWF, the Olympic Games certainly are not being ignored. It seems apparent that we have a chance to qualify 3 women and one man for the Games through the Continental qualification process. If it comes to fruition, then this would double our participation compared with the 2016 Games. This surely would show the AIS progress is being made! However, the incredibly complex IWF qualification process must be adhered to and the HPC & the BOD have attempted to make sure likely qualifiers have participated in the required 6 qualifying events and also that individuals of high standard can self-fund to some approved qualifying events.

2022 Commonwealth Games – as stated this is the ultimate objective of the HPC & the BOD. We must improve on our 3 medals from the Gold Coast 2018 Commonwealth Games and this will not be easy. One only has to look at the progress being made by Canada and England to see the challenges ahead. Currently, we do not know the details of the B2022 qualifying criteria as the Commonwealth Games Federation (CGF) has not published these as yet. AWF President Sam Coffa has communicated directly with the CGF to ensure that they are aware that we and other Commonwealth nations eagerly await the release of this extremely important information. In response, the CGF has indicated that they will address the B2022 criteria in February 2020. Consequently, we do not know what, if any, changes will be made to the system used for the Gold Coast. We were not subject to a qualifying system in 2018 as the “home nation” was guaranteed a full team. This will not be the case for Australia at the next Games.

Looking to the near future, the HPC recommends that plans be made to organise a 2020 National Coaching Conference after the Olympic Games, using IWF Development program funding. This conference could be expanded to include OWF member countries and take on the stature of an international symposium that will provide important learning opportunities for Australian coaches.

Lyn Jones
HPC Chair

TECHNICAL COMMISSION REPORT

The importance of Technical Officials is underestimated by many people involved with the AWF. Over the years I recall top Technical Officials stating that there would be no competitions held if TO's were not present. There would be no records validated if qualified TO's were not present. TO's facilitate the orderly running of the competition within the rules.

In my opinion TO's are the unsung heroes of our sport. I have seen TO's present themselves to competitions and remain on duty for hours and hours and sometimes in uncomfortable venues and environments, and in most cases paying their own way to be there.

I salute all our TO's and thank them on behalf of the AWF. Unfortunately, we are still experiencing a shortage of TO's at our National and State and Territory competitions according to reports I've received. Recently in some states, events have had to be cancelled because of a shortage of TO's and indeed volunteers in general. Records have not been validated because the level of Referees required were not present to adjudicate such attempts. I take this opportunity to highlight this concern and call on TO's from all over Australia to make themselves available. I know it is difficult sometimes, but it is vital.

Having said that I am pleased to report that the Technical Commission has been active and has made some important recommendations (for example allocating budget to support participation of TO's at National events). I thank the AWF for nominating and supporting my candidacy to the IWF Technical Committee, I am pleased to report that my nomination was successful, and I hope to make a valuable contribution.

Our TO's are well regarded by the IWF and we are very proud of the fact that many of our colleagues are appointed to International events. A special highlight was Phil Maunder being appointed to officiate at the 2020 Olympic Games in Tokyo. Congratulations Phil.

Pedro Sanchez
Technical Commission Chair

ACKNOWLEDGEMENTS AND THANKS

The AWF Board of Directors recognises and thanks the members, supporters, partners and sponsors who have made significant contributions to the growth and development of the AWF in 2019:

- **Sport Australia & Australian Institute of Sport** – Principal Partner funding AWF programs and high performance.
- **Commonwealth Games Australia** – supporting our athlete preparation program for Birmingham 2022.
- **Australian Olympic Committee** – inducting our athletes into the Australia Team for the Pacific Games; and providing planning support for the upcoming Tokyo 2020 Olympic Games.
- **Australian Sports Anti-Doping Authority** – partners in the pursuit of pure-performance sport
- **International Weightlifting Federation** - giving opportunities for our athletes, team support personnel and technical officials to participate in the 2019 Youth, Junior, and Senior World Championships; and providing funding for the development of officiating resources.
- **Commonwealth Weightlifting Federation** - giving opportunities for our athletes, team support personnel and technical officials to participate in the 2019 Commonwealth Youth, Junior & Senior Championships and Commonwealth Masters Championships.
- **Oceania Weightlifting Federation** – giving opportunities for our athletes, team support personnel and technical officials to participate in the 2019 Oceania Youth, Junior & Senior Championships; Oceania Masters Championships; and annual Oceania Talent ID Program (OTIP).
- **JME** – providing backdrop for 2019 Australian Youth & U15 Championships
- **Tonic** (John Eptaminitakis) – sponsor of the AWF's commercial initiatives
- **Where2Travel** – meeting all the AWF representative team travel requirements
- **Eleiko** – suppliers of Eleiko equipment
- **Sylvia P** – suppliers of representative team lifting suits
- **Telstra** – keeping the AWF connected through its Network
- **Again Faster** – equipment supplier for the Oceania & Commonwealth Masters Championships
- **State Associations & Clubs** – in appreciation of all your contributions and passion in supporting member's needs throughout Australia
- **Coaches, Officials and Administrators** - for your investment in the sport and dedication and commitment to others.
- **Athletes** – for your love of weightlifting and striving to reach your athletic potential and becoming role models for others to follow
- **Mr Jason Ward** - for legal counsel and timely response
- **Mr Louie Kortesis of MW Lomax** - for reliable financial advice and services

Review of Operations

A review of the operations of the company during the financial year and the results of those operations are as follows:

No significant changes in the company's state of affairs occurred during the financial year.

Principal activities include the conduct, encouragement, promotion, control and management of all levels of weightlifting in Australia interdependently with members and others. There are no significant changes in the nature of these activities occurring during the financial year.

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the company, the results of those operations, or the state of affairs of the company in future financial years.

Likely developments in the operations of the company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the company.

AUSTRALIAN WEIGHTLIFTING FEDERATION LIMITED

DIRECTOR'S REPORT

Environmental Regulation

The company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

Going Concern

The financial report has been prepared on the basis of a going concern, as the directors believe that there will be adequate funds to enable the company to pay its debts as and when they become due for a period of twelve months from the date of approving this report.

Dividends

No dividends have been paid or declared since the start of the financial year.

Options

No options over issued shares or interests in the company were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

Indemnification of Officers

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of the company.

Proceedings on Behalf of Company

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

The company was not a party to any such proceedings during the year.

Reviewer's Independence Declaration

A copy of the reviewer's independence declaration as required under the ACNC Act is attached.

Signed in accordance with a resolution of the directors:

Chairman

Sam Coffa

**AUDITOR'S INDEPENDENCE DECLARATION UNDER
THE ACNC ACT**

**TO THE DIRECTOR OF
AUSTRALIAN WEIGHTLIFTING FEDERATION LIMITED**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2019 there have been no contraventions of:

- i. the reviewer independence requirements as set out in the ACNC act in relation to the review;
and
- ii. any applicable code of professional conduct in relation to the review.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The directors have prepared the financial statements on the basis that the company is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the needs of the members.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of the members. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial statements have been prepared on a accruals basis and are based on historical costs unless stated otherwise in the notes. The accounting policies that have been adopted in the preparation of the financial statements are as follows:

(a) Income Tax

The entity is not liable for income tax.

(b) Property, Plant and Equipment

All property, plant and equipment except for freehold land and buildings are initially measured at cost and are depreciated over their useful lives to the company.

The carrying amount of plant and equipment is reviewed annually by the directors to ensure it is not in excess of the recoverable amount. The recoverable amount is assessed on the basis of expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

Freehold land and buildings are carried at their recoverable amounts, based on periodic, but at least triennial, valuations by the directors.

Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the company commencing from the time the asset is held ready for use.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

(d) Committee Reporting

The committee recognises that it is a Tier 2 reporting organisation.

These notes should be read in conjunction with the attached compilation report.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

(e) Revenue and other income

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Organisation expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer
2. Identify the performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue as and when control of the performance obligations is transferred

The revenue recognition policies for the principal revenue streams of the Organisation are affiliation fees, coaching accreditation fees, sponsorship, competition, games revenue and merchandise sales. These amounts are recognised as revenue when control of the performance obligation have been transferred.

(f) Financial instruments

Financial instruments are recognised initially on the date that the Organisation becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Organisation's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost
- debt investments measured at FVOCI

When determining whether the credit risk of a financial assets has increased significant since initial recognition and when estimating ECL, the Organisation considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Organisation's historical experience and informed credit assessment and including forward looking information.

The Organisation uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Organisation uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Organisation in full, without recourse to the Organisation to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Organisation in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Trade receivables and contract assets

Impairment of trade receivables and contract assets have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Organisation has determined the probability of non-payment of the receivable and contract asset and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Organisation renegotiates the terms of trade receivables due from certain customers, the new expected cash flow are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Financial liabilities

The Organisation measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Organisation comprise other payables.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

2. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances. These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date. At year-end, no provision for impairment has been recorded.

3. CHANGE IN ACCOUNTING POLICY

The Organisation has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

(a) AASB 15: Revenue

AASB 15 introduces a changed process for revenue recognition based on identifying when performance obligations are met. Revenue from services is recognised at the point the services are provided. The application of AASB 15 is not materially different from the previous standard in terms of recognition of revenue for services. Application of AASB 15 did not impact the way in which the company accounts for revenue and other income.

(b) AASB 9: Financial Instruments

AASB 9 sets out new requirements for the classification and measurement of financial assets and liabilities and include forward-looking expected loss impairment model. This standard replaces AASB 139 Financial Instruments: Recognition and Measurement. The adoption of AASB 9 did not have a significant effect on the Organisation's accounting policy relating to financial liabilities. Trade and other receivables is the only financial asset that has been impacted by the adoption of the standard, specifically the measurement basis for the impairment of trade receivables which is now based on expected credit loss (ECL). When determining the credit risk for trade and other receivables, the Organisation uses quantitative and qualitative information and analysis, based on the Organisation's historical experience and informed credit assessment including forward looking information. Given the prudent approach to estimating losses on receivables in accordance with the previous standards, the Organisation did not need to adjust the estimated recoverability of trade and other receivables on transition to AASB 9. Based on past experience, accrued income has been collected fully.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Organisation.

4. CASH AND CASH EQUIVALENTS

Qantas cash - MK	-	3,300
Qantas cash - BS	1,857	2,564
	<u>487,891</u>	<u>382,392</u>

12. Capital Management Policies and Procedures

The Organisation monitors capital on the basis of the carrying amount of equity, less cash and cash equivalents as presented on the face of the statement of financial position and cash flow recognised in other comprehensive income. Management assess the organisation's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the level of the Organisation's various classes of debt. The Organisation manages the capital structure and make adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

13. Contingencies

In the opinion of the Directors, the Organisation did not have any contingencies at 30 June 2019 (30 June 2018: None).

14. Events Occurring After the Reporting Date

The financial report was authorised for issue on 1 October 2019 by the board of directors.

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affected the operations of the Organisation, the results of those operations, or the state of affairs of the Organisation in future financial years.

These notes should be read in conjunction with the attached compilation report.

AUSTRALIAN WEIGHTLIFTING FEDERATION LIMITED
ABN 65 090 469 837

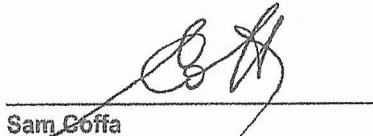

DIRECTOR'S DECLARATION

The director has determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In accordance with a resolution of the director of Australian Weightlifting Federation Limited, the director of the company declares that:

1. The financial statements and notes as set out on pages 4 to 15 presents fairly the company's financial position as at 30 June 2019 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements;
2. In the director's opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Director

Sam Coffa

Dated:

October 2, 2019

AUSTRALIAN WEIGHTLIFTING FEDERATION

INDEPENDENT REVIEWER'S REPORT TO THE MEMBER OF AUSTRALIAN WEIGHTLIFTING FEDERATION

We have reviewed the accompanying financial report of the Australian Weightlifting Federation which comprises the statement of financial position as at 30 June 2019, the statement of profit or loss and statement of changes in equity for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Management's Responsibility for the Financial Report

Management is responsible for the preparation and fair presentation of the financial report, in accordance with accounting policies described in Note 1 to the financial statements and for such internal control as management determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

Reviewer's Responsibility

Our responsibility is to report a conclusion on the financial report based on our review. We conducted our review in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to review engagements and plan and perform the review to obtain limited assurance about whether the financial report is free from material misstatement.

A review involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks or material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial report that gives a true and fair view, in order to design review procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our reported conclusion.

Independence

In conducting our review, we complied with the independence requirements of Australian professional ethical pronouncements.

Reviewer's Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not present fairly, in all material aspects, the financial position of the Australian Weightlifting Federation as at 30 June 2019, and its financial performance and cash flows for the year then ended, in accordance with the International Financial Reporting Standards.

AUSTRALIAN WEIGHTLIFTING FEDERATION

INDEPENDENT REVIEWER'S REPORT TO THE MEMBER OF AUSTRALIAN WEIGHTLIFTING FEDERATION

Basis of Accounting

We draw attention to Note 1 of the financial report which describes the basis of accounting. The financial report has been prepared by management to satisfy the requirements of the company's constitution and to meet the needs of member. As a result, the financial report may not be suitable for another purpose.
